The outbreak of COVID 19 has completely restricted organising of physical seminars, conferences and workshops in educational institutions with the intention of limiting the virus's spread. The importance of such events, on the other hand, is undeniable in the field of education since these platforms are effective in exchanging ideas and concepts. Students are also immensely benefited from seminars, workshops and conferences. As the proverb goes - "Necessity is the mother of invention" and all we had to do now was to respond rapidly to the changed scenario and shift to an online mode or webinar in order to stay connected and updated. Most of the departments of Asutosh College organized an impressive number of webinars and workshops during this pandemic. They are listed below:

			6-7 th September, 2021	Coining of terms in Trilingual Fundamental of Mass Communication (Eng, Hindi, Bengali)	Commission for Govt of India, Com for Scientific Technology, Ministry of Edu, Dept of Higher Education

	Dr Moon Jana	International webinar	8 th August, 2020	Re-imagining the Role of Police in COVID-19 Times on <i>Communication Researchers Meet</i>	M.M. Education & Welfare Society, Vidyarthi Manch, Ulgulan Foundation & SVUBK Trust
	Dr Debastuti Dasgupta	National-level webinar	12 th May, 2020	Covid-19: Challenges and Reconstruction of Society	East Calcutta Girls' College
		Guest speaker in a Special lecture	25 th June, 2020	Community Radio	Vijoygarh Jyotish Ray College
	Dr Priyanka Roy	Guest speaker in a Special lecture	7 th July, 2020	New Media-Growth & Opportunities in Recent Times	Ramkrishna Sarada Mission Vivekananda Vidyabhavan
MATHEMATICS	Dr Prabir Rudra	Talk	16 th September, 2020	Relativity, Astrophysics & Cosmology: Use of Mathematics & Physics to unravel the mysteries of the Universe.	St. Augustine's Day School, Shyamnagar, WB, India

		Workshop on Recent Advances on Astrophysics & Cosmology	12-13 th October, 2020	Gravitational Collapse: An overview & some recent Developments	Tata College, Chaibasa, Jharkhand, India
		International Conference on Mathematical Methods and Models in Applied Sciences	6-8 th November, 2020	Gravitational Collapse of Stars and formation of Spacetime Singularities.	Amity University, Kolkata & Calcutta Mathematical Society
		Conference on Advancing the frontiers of Physics knowledge to explore the dynamics of Astronomy	2-4 th December, 2021		Physics & Astronomy forum, Frankfurt, Germany
POLITICAL SCIENCE	Dr Satarupa Pal	Guest speaker	15 th August, 2021	Relevance of Non-Cooperation Movement in the Freedom Struggle	Dept of Political Science and IQAC from Chapra Bangaljhi

				of India: After Hundred Years	Mahavidyalaya, Nadia
PSYCHOLOGY	Dr Rimjhim Ray	State Level Webinar	24 th June, 2021	Mental Health and Psychological support to young people during the Pandemic	Nehru Yuva Kendra Sangathan, West Bengal and Andaman & Nicobar
		Community Radio Program	29 th December, 2020	Child Mental Health and Wellbeing during this Pandemic situations	CRY, supported by UNICEF
		Special lecture	May 29 th , 2021	Role of faith & spirituality in grieving	Crystal Minds, Kolkata
		Webinar	21 st October, 2020	Coping with Covid 19” (Role of students in addressing protection issues, rendering basic psychological support to peers & siblings)	The School of Media, Communication & Culture SMCC, Jadavpur University & UNICEF

		Orientation programme on the curriculum of third semester in UG CBCS 2021	28 th January, 2021		Asutosh College in collaboration with IQAC, Asutosh College, Muralidhar Girls College and the Under Graduate Board of Studies in Psychology, University of Calcutta.
		Orientation programme on curriculum of fifth semester in UG CBCS 2021	4 th February, 2021		Asutosh College in collaboration with IQAC, Asutosh College, Muralidhar Girls College and the Under Graduate Board of Studies in Psychology, University of Calcutta.
	Dr Jhuma Mukherjee	Three-Day Orientation Programme on UG Semester V	28 th January, 4 th & 5 th		

		Prioritised Syllabus of Psychology under the CBCS System	February, 2021		
SOCIOLOGY	Ms. Sritama Chaudhuri	Invited lecture	September, 2020		Department of Sociology in Salesian College, Siliguri
		Invited lecture	9 th October	Contextualising Sociology	St. Xaviers, Burdwan
ZOOLOGY	Dr. Deep Chandan Chakraborty	Delivered lecture in the DBT Star College Scheme sponsored Summer School Programme	23rd June, 2021	Advanced studies on Zoology in the perception of current development The topic was - Darwinian Fitness matters – Strategies to gain Evolutionary momentum	Jhargram Raj College, Jhargram
		Online Workshop on Laboratory Techniques for	9th July, 2021	Delivered lecture on Enumeration of RBC and WBC	Department of Zoology, Chandernagore

		Undergraduate Course (CBCS) in Zoology (Honours) with special emphasis on Semester IV and Semester VI		from blood in Haemocytometer and Preparation of Hemin crystal and Determination of ABO Blood groups in the I on,	College, Chandernagore, Hooghly
	Dr Sriparna Datta Ray	Faculty Exchange Programme	19 th July, 2021	Hardy Weinberg Equilibrium	Department of Zoology, Sreegopal Banerjee College
	Dr Sajal Bhattacharya	One-day 'Students parliament	25 th April 2021	Mosquito control: Past, Present and Future' on the occasion of World Malaria Day	Laboratory of Public Health entomology, Department of Zoology, M.S. University, Udaipur, Rajasthan.
		National Symposium	4-6 th January 2020	Multilateral Initiatives Against Arboviral Diseases Served as Co-chairperson	Laboratory of Public Health Entomology, M.S. University, Udaipur, Rajasthan
		2nd International Conference	5 th and 6 th June, 2021	Sustainable Environmental &	Lincoln University College, Malaysia

				Healthcare (ICSEH, 2021)	
	Dr A R MD Mustafizur Rahaman	DBT, Govt. of India Supported Summer Training	17 th July, 2021	Differential Gene Expression	Mugberia Gangadhar Mahavidyalaya, Medinipur
	Dr Tapan Kumar Roy	Commemoration Lecture	1 st August, 2020	125 th Birth Anniversary of Nature Scientist Gopal Chandra Bhattacharya

ADAPTIVE AND INNOVATIVE TEACHING-LEARNING METHODS:

The closure of colleges and universities resulted in increased online educational activities, ensuring that the teaching-learning process was not disrupted. Many faculty members participated in a dialogue on how to best provide online course materials, engage students in academic activities, and conduct examinations and evaluations. The simplest method of managing higher education after the Covid-19 outbreak was to make the transition from the existing mode of face-to-face interaction in the classroom between students and teachers to a virtual mode through online method. Since the pandemic struck in the early 2020s, teachers have tried their best to create a flexible approach that included recorded audio and video clips, live sessions, and quiz.

To address the issue of the lack of immediate feedback from students during online classes, educators tried to make the online classes as participatory as possible by encouraging students to talk and share their thoughts.

The following were chiefly used by the different departments during the pandemic for teaching and demonstrating virtually on the online mode, or for online assignments, and interactive sessions, as per curricular requirements:

- GMeet
- Zoom
- TEAM LINK
- Whatsapp
- Telegram
- Microsoft teams
- Skype
- Email – used for sending study material or submitting assignments
- Google classroom
- YOUTUBE links and videos
- PPT
- Uploading study material in the college website

The Whatsapp groups for the different semesters in the different departments, both Honours and General, which had previously functioned as digital bulletin boards, were now used, and still being used, more intensively as platforms for virtual mode teaching-learning.

The department of **Computer Science** used many software packages like GNU 8085, Dev C++, IDLE (python 3.6) for conducting practical classes to demonstrate practical knowledge and facilitate hands-on practice.

A dedicated website for the department of **Mathematics** was created by Dr Prabir Rudra using google sites, and used extensively during this period. The link is - <https://sites.google.com/prod/view/mathasutosh>

The website has proved to be very helpful to students of the department. Dr Riddhick Birbonshi and Dr Prabir Rudra conducted special online classes for the Honours students related to competitive examinations like JAM, TIFR, NBHM, etc. Google forms were used to conduct preparatory examinations for CU semester and also for competitive examinations. This familiarized the students with online examinations of MCQ type. The evaluation via this technique is automatic with the computer performing spot evaluation when the answers are fed beforehand. There is no need of human intervention for evaluation.

The departmental website of **Statistics** (<https://sites.google.com/site/asutoshstat>) has been extensively used to keep in touch with the students during this pandemic period. All the important notices are being shared with the students through the website. The website has also been used to share study materials and other documents/information with the students.

The Department of **Business Administration** adopted the following methods to engage their students-

1. An online video case analysis was done by Supriyo Das with the students of semester IV on the ‘Advertisement and marcom activities of the two beverage giants namely Coca-Cola & Pepsi’
2. on January 7, 2021.
3. A virtual departmental event was held for the 6th Semester students, titled ‘Most unique Banking product’, in the ‘Financial Institutions and Markets’ class by Dr Bidisha Datta. Objective was activity-based participation of students. An oral presentation too was delivered by the students. It was meant to shake off their public speaking anxieties. Accordingly, the students demonstrating Best Products and Best presentation were declared.
4. Dr Sudip Ghosh had conducted an Online Group Discussion on Marketing Management on 12.11.2020.
5. One animated with pictorial representation of a topic was elucidated as initiative (through online mode) on few laser –focussed parts of Environmental Studies to improve student learning and understanding by Shri. Pinaki Dey.
6. An online students’ Poster Presentation on “The Emerging Trends in Compensation Management in the Work Ecosystem of 2021” was facilitated by Smt. Sneha Dutta with the final year students (semester VI) specialising in the domain of Human Resource Management over Skype on May 17, 2021. This initiative was preceded by an active endeavour of secondary research done by the students of pertaining to the latest compensation trends witnessed across industries in 2021. Research reports were submitted by the students & subsequently documented.

Dr Bidisha Dutta released her Youtube video on ‘Tips and tricks for cracking an interview’ for Final semester students (https://youtu.be/S7aI_Qr0jJE, https://youtu.be/S7aI_Qr0jJE). Dr. Dutta had also introduced an innovative teaching method by organising departmental competition on identifying ‘Most Unique banking product’ in order to deliver the topic on banking products and services. The department has endorsed student centricity by way of establishing a unique pedagogy of Student Mentorship Programme wherein every final year student (semester VI) is actively mentored by the department faculty fraternity in the pursuit of their research endeavour. The teacher student ratio for the mentoring purpose is 6:1 for the present batch.

The Department of **Electronics** has developed an online practical manual as a ready reckoner for its students. It also developed a website where the list of alumni of the department, university question papers and Practical manuals are available.

Dr Amit Kumar Bhattacharjee of the department of **Physics** shared study material through his personal website in following link:
<https://amitbny.github.io/akb.github.io/>

The department of **Journalism** adopted the following apart from the common platforms mentioned here -

- Used applications like Quizzex, Kahhot for evaluation.
- Applied Insert Learning for interactive teaching.
- Shared recorded lecture using OBS Software.

Dr Sourav Das of the Department of **Geography** used his own licensed Webex online platform-souravdas.webex.com. Dr Subhadip Gupta of the same department, also created his own website (www.subhadipgupta.wordpress.com) for providing easy access to study materials and e-contents as well as essential academic links for the UG and PG students during the Covid-19 pandemic situation.

COVID-19 AND CYCLONE RELIEF:

To tide over the crisis perpetuated by the Covid-19 pandemic and the two cyclonic devastations that the southern part of our state suffered, it was imperative that people come together in aid of those affected by either. Members of the Asutosh College family were not founding in this respect, as each one, whether as individuals or as members of a team, reached out in an effort to help those who were in need of it. Students, teaching and non-teaching staff also together donated a total amount of Rs 10 lakh to the Chief Minister's Relief Fund. Sri Sarthak Banerjee (Head clerk) handed

over the cheque to the then Education Minister of the State, Dr. Partha Chatterjee.
